Soccer Scholarships

This program provides access to one of the plenty soccer scholarships granted by American universities that can finance (totally or partially) the studies, while the student continues practicing a top-level sport in the NCAA, NAIA, or NJCAA leagues.

Getting a soccer scholarship to play at the highest level, in the best amateur fields you can imagine is possible! Not just that, but also representing and being part of the university team is what many student athletes have been experiencing during the past years!

Being able to represent and play for something bigger than just yourself is something that athletes get to experience. But trust us, representing a whole university and town is one of the best feelings ever. It gives you the opportunity to train with teammates, allowing you to push and help each other day in and day out. Nowadays, University coaches from the US are constantly looking for young talents abroad. Having the opportunity of pursuing your athletic career while getting a first class university degree between our hands is something that we shouldn't let go.

Studies

The academic system is adapted so that athletes can perfectly combine study and sport.

Achievements

Both sports and academic achievements are often acknowledged to all university athletes.

Professional Staff

University athletes are accompanied daily by a team of professionals to achieve the best possible performance.

Travel / Equipment

The student-athletes travel around the country. The university is in charge of them and they are equipped with top brand sports equipment upon arrival.

How we work

- › We **evaluate** the student's academic profile
- › We **study the possibilities** before the beginning of the process (**no-obligation consultation**)
- › **Documents preparation**
- › We **elaborate** a pre-selection of universities
- › **We apply to the pre-selected universities**
- › We **advise** you on the final choice, **handle** the paperwork with the chosen university, and **arrange** the visa
- › Once you're in your destination, we won't forget about you. We keep in touch with all our athletes and make sure you are achieving your goals.

Requirements

USA has over 2000 universities with soccer programs. Which means that there is almost a place for any level. The higher your level, the better ranked universities you will have access to become part of their team. There are some minimum requirements such as competition results over your last years of high school. The scholarships and different universities that you will have access to are going to depend on the University Coaches, and the combination of your academic and athletic level. Competition results over the past years, Club or clubs that you have played for, highlights video, full game videos, and high school grades will be the key components in order to attract interest from the best universities and coaches.

Athletic Requirements

In order to obtain a soccer scholarship, we will need you to send us your soccer resume, showing competitions, results, and any relevant information. Additionally, you will need to send us a highlight video showing your skills.

Academic Requirements

Besides the athletic requirements, we need the student to send us his academic record, in addition to passing the SAT and TOEFL tests.
